

# The **HARTHILL** Plot

AGM special

October 2013

## **Harthill Allotments Association Annual General Meeting - Saturday 16 November**

The 2013 AGM of the Association will be held at 10am, Saturday 16 November 2013, in the hut at Harthill Allotments.

The agenda is:

1. Apologies
2. Chair's report
3. Secretary's report
4. Treasurer's report
5. Election of officers
6. Election of committee.

If there are any other items for the agenda they must be submitted in writing to the secretary, Barbara Rigby, before 9 November.

### **Immediately followed by Group Work Day!**

The AGM will be followed by the Group Work Day (approximately 11am). The group work days are when we do all of those essential jobs around the site such as hedge cutting, litter collection, path maintenance, problem plots and so on. The city council doesn't do these jobs, and the elves don't usually come out at midnight to do them either (well, they haven't yet, anyway) so we have to do them ourselves. Don't worry, it's not too exhausting and the more who help, the easier it is. And, of course, you get to know other plotholders.

### **Harthill harvest**

#### **Windfall**

It is, as every newspaper editorial will remind you, the season of mists and mellow fruitfulness, and you can get some mellow fruit at the site. It's been a bumper year for fruit, of course, and there is a good supply of excellent yellow cooking apples on plot 21. Help yourself to the windfalls (it's the plot with ten apple trees). And while you're at it, help yourself to sweetcorn from plot 34N – the plotholder's away.

You will soon be getting a questionnaire about toilet facilities on the site. It may seem a bit long but it's essential we get this information if we are to succeed with our bid for funds for a compost toilet, so please help us out.

#### **Please remember to:**

**SCRAMBLE THE LOCKS!**

**KEEP PATHS CLEAR!**

**COMPOST WEEDS!**

**PARK CAREFULLY!**

**MAKE PONDS SAFE!**

**Thanks**
